

2021 CAPTAIN

Dave Jordan

Captain's Summary – 2021 Season

The season of 2021 was Norcross Golf Society's first year to elect a Captain.

The honour was bestowed to myself, Dave Jordan.

I have been a member of the society 7 years. I am affiliated to Fleetwood Golf Club, but I thoroughly enjoy the challenge of playing new courses with new people. The society delivers this in abundance.

As Captain it was decided to support the Kidney's for Life Charity and we successfully raised £1,000 throughout the season.

I decided that my season would focus on introducing various new awards which targeted all the people who joined in, not just the low handicap golfers, of which I am not.

The 'Captain's Hole' is a nearest the pin in 2 shots on a par 4 hole selected by the captain at each meeting. The captain buys the prize for the winner.

The introduction of a raffle at each meeting has enabled the charity donation to increase.

The final event was to award a prize for the golfer in last place at each meeting.

All of the above proved a success and has been continued by the Society which I feel is a great legacy of the first Society captain.

The season saw some great courses being played, my favourite being Captain's Day which was held at Ulverston in Cumbria.

The highlight of the season was by far the entire captaincy from beginning to end. It's a great Society made even better by the hard work and effort of those who organise everything. Yes, that means you Kris Hernen!

I look forward to supporting all future Captain's in their endeavours to move forward with the Society.

I fully support the growth of the membership and the continual changes to enhance the Society for the better.

Many thanks to all the members who supported me throughout the year. A great bunch of people.

Dave
